

Dealer installation

To activate your Dealer Connect device:

1. Insert your device into the car's OBD II port.
2. Turn the engine on.
3. Go to <https://lot-tracker.autonetmobile.net> and enter your login information.
4. Once the vehicle appears in the **Active** list (appx 1 to 2 minutes) the engine can be turned off.

Download the android dealer app at
